June 6th, 2023

Dear Sir or Madam:

I was Lisa Bell's instructor while she studied Constitutional Law during the Spring 2023 semester at Florida Southwestern State College. She is a very professional, intelligent, and motivated young woman who gives nothing less than one hundred ten percent toward achieving her academic and personal goals. She is sharp, excellent at noticing case details, and can connect different areas of law as they apply to a client's legal situation.

She is interesting to talk to, and when engaged in a legal case or topic, she can always offer feedback from a legal perspective that will help the person she is corresponding with. She is very efficient, timely with expected correspondence, and can communicate effectively.

If you want additional information about Lisa, contact me at 863-444-0678 or stowers@fsw.edu.

Sincerely,

Sandi Towers-Romero
